

Have You Heard?

Dorothy McCain Elsenius

Like all youngsters, Sally Lynn, 10-year-old daughter of Babe and Neil of Albany, watches TV especially the commercials. And, being a precocious little girl, she likes to emulate the ladies on her TV screen. However, her latest heroine is the Strawberry Hill Grandma, who rides her motorcycle on one wheel — only she tries it with her 3-wheel bike!

An overseas toy company will now offer for sale in the States a traffic safety helmet for small kids.

The helmet is topped by a red light and siren that operate from a dry cell battery, to be flipped on when the child crosses the street.

Just wait till they arrive here — in you imagine the scene, a child crossing the street... and out of the darkness comes a small person whose head is shining a light and emitting a siren! "Take me to your leader!"

The University of California committee on Undergraduate Scholarships and Honors has named Marilyn Lewis, daughter of Mr. and Mrs. Elliot Lewis of 83 Santa Fe, that she has been conferred with "Honors at Entrance."

Marilyn, who was a member of the 1972 graduation class at Albany High, and one of its valedictorians, will be honored at a reception to be held at the Alumnae House on the Berkeley campus Thursday, Nov. 9.

And speaking of Marilyn's father, her dad, Elliot, was the person who was shot during a holdup at the Kiefer Furniture store in El Cerrito four weeks ago.

Elliot was just on his way into a store when he observed a man with a gun inside. He quickly tried to leave, but the gunman hit him and shot Elliot before he could get safely out of the store.

He is up and around, now, and recovering nicely from a gunshot wound.

Albany teenagers keep busy in their spare time, and Herrick Hospital is glad of it. Albany members of the hospital's Junior Uniters, who were recently awarded their 200-hour service badge, include Sharon Simmons, Tri Henis and Hilary Galaga. Sharon and Terri are in rotation desk hostesses on Saturdays, and Hilary visits with patients. (Continued on Page 3)

The Sorrow and The Pity

Town Clock Proposed

The Albany Chamber of Commerce will appoint a committee to study a proposal made by Albany Architect Leon Rimov, to create another "focal point" in the community—a town clock.

Rimov spearheaded the Albany Flag project, which resulted in the much talked about Flag which now flies over the Buchanan Street overpass, and seen by the many, many motorists who travel the Freeway.

The committee will study Rimov's proposal for "a rustic wood and shingle town clock, rising upwards about 40 feet in height and illuminated at night," which could possibly become Albany's answer to Berkeley's Campanile.

They will also study and report back to the membership the suggested locations, and means of financing. However, the project itself, if the Chamber decides to accept it, would not get underway until sometime next year, as the Chamber has a full calendar of activities for some months to come.

It is also hoped that local service clubs and other organizations will express interest in the clock project.

Halloween Surprise

For Marion and George Bernard, the best "trick or treat" callers came to their home long after they had thought they had answered their door for the last time on Halloween night.

When the doorknob rang at 9:30 p.m., both Bernards went to open the door to dispense some goodies to the costume-garbed youngsters they expected to find at their door.

But to their great surprise, they were greeted by their two daughters, who were carrying a birthday cake complete with lighted candles, and singing the traditional "Happy Birthday to You." To Marion, who usually celebrates her birthday on November 1.

Without telling her parents, daughter Mickey (Mrs. Herb Harrison) had driven down to the airport from Colfax, to pick up her sister, Janice (Mrs. Robert Fisher), who had flown in from Kingsville, Texas, so they could be with their parents for their mother's birthday.

After the first shock of surprise had subsided, Marion and George enjoyed a pleasant visit with their daughters, culminated by a birthday dinner at Spenger's the following day.

Among the gifts received by the birthday honoree were two round-trip plane tickets to Kingsville, Texas, for the coming holidays.

The Rains Came!

Albany's official weatherman, George Bernard, is predicting a couple of days of rain, as of yesterday morning.

Noting that 1.75 inches of rain fell during the first few hours of Tuesday's early morning showers, and also considering that 1.50 inches of rain fell on Nov. 11 and 12, 1971, George has predicted that we can possibly expect the same for this week.

We have had 8.01 inches to date (Tues. A.M.), as compared to .25 at the same time last year, making us 7.76½ inches ahead.

CHAMBER OF COMMERCE Bonus Day prizes are exhibited by Hal Denham, Bernice Boyd and Elmer Coble. The lucky winners are listed in a separate article on this page.

Council Members Amend Police Chief Ordinance

Ordinance No. 72-011, establishing qualifications for the Chief of Police, will be amended, following a meeting with city officials and interested citizens, according to action taken by the Albany City Council at Monday night's meeting.

The net effect of the two amendments will be to remove the age qualification for a current member of the Albany Police Dept., and also waive the requirement of the Intermediate Post Certificate if the appointee has attained the rank of Inspector in the Dept.

Section 2.90 (b) of the Ordinance will now read: "The candidate shall not, on the date of election, have reached his 50th birthday; provided, however, that this qualification shall not apply to any subsequent election of said

candidate who holds said office by prior election or appointment; provided further that this qualification shall not apply to any candidate who, at the time of filing nomination papers, is a member of the Albany Police Department."

An amendment will also be added to Section 2.91 (a) and it will read as follows: "If the person so appointed is a member of the Albany Police Department, qualifications set forth in paragraph (d) of Section 2.90 shall not apply; if not a member of the Albany Police Department, all qualifications shall apply to the person so appointed; provided, however, that the qualification set forth in paragraph (c) of Section 2.90 shall not apply if the person so appointed has attained the rank of Inspector in the Albany Police Department."

Albany Bobcats Trounce Opponents in Last Game

The Albany Bobcats Pop Warner football team finished their first season last Saturday at Feeney Field, with a bang, bombing the Crockett Papooses 45 to 0.

The Bobcats record for the 1972 season was 3 wins and 6 losses. However, one loss was a forfeit, because of a mis-scheduled game date (which the Bobcats felt they would have easily won). They also feel they have made a very respectable record for a new team in its first year.

Head coach, Bob Thomas, looks forward to a bigger and better season next year, with approximately 18 veterans from this season returning.

Bob Flynn, president of the Parents' Club, wishes to thank all Club members, as well as the merchants, the Albany Junior Chamber of Commerce, Individual citizens, and Albany Cablevision for all their hard work and support which helped make this a very successful season for the Bobcats. Each and every member of the team has expressed his thanks and appreciation, and hopes for their continuing support in the future.

NOTICE

Albany Cablevision will run a taped program of the Albany Bobcats Pop Warner football team's last game of the season, which took place against the Crockett Papooses at Feeney Field last Saturday. The program can be seen locally tomorrow night, November 9, at 5 p.m. on Channel 6.

Note of Thanks

Friends of Albany Library, Inc. wish to thank the many people who assisted at their recent Book Sale, by preparing, moving and selling the large quantities of donated books.

Approximately \$600 was raised during the 2-day sale, with a total of over \$1200 for the year. The funds will be used for extra materials and children's programs presented by professionals — none of which is possible with the limited County budget.

Council Closes Hearing On IGC Albany Hill Rezoning

The Albany City Council moved a step closer to coming to a decision regarding the proposed planned unit development on Albany Hill, when they closed the public hearing on rezoning a portion of their property on the west side of the Hill.

Mayor Joe Carlevaro closed the hearing after asking the audience three times if anyone wished to speak on the subject, with no response.

The public hearing on IGC's request for a use permit for the construction had been closed on October 25, but Council members have withheld making a decision on the matter until the rezoning had been approved.

The Mayor, City Attorney Larry Saler and City Administrator James Turner will meet with representatives of the developer to review the latest proposed conditions for granting the use permit. Council members indicated there were a few "differences" in the latest proposal made by the developer, which they received last Friday, which must be ironed out before a final decision can be made.

A report on this meeting will be made to the Council next Monday night.

In other action Monday night Council members approved a resolution confirming the appointment of Gerald Martin as probationary Sergeant in the Albany Police Dept. They also approved a resolution setting up qualifications for "lateral entry" into the Police Dept., and accepted "with regret" the resignation of Councilman Hubert Call's appointee, Robert Willson, from the Park and Recreation Commission.

They also filed as "informative" communications from the Alameda County Taxpayers Association, and the City Administrator of the City of Norwalk, regarding federal revenue sharing, and a resolution from the Alameda County Board of Supervisors authorizing funds for resurfacing Marin Avenue, from the east city limit to San Pablo Ave.

Albany Man Needs Blood

An urgent call for blood donations is being made on behalf of Albany resident, Tom Patterson, who is a patient in the intensive care ward at Alta Bates Hospital in Berkeley.

Mrs. Patterson, in making the appeal, said her husband had originally been a patient in the Albany Hospital, but was transferred to the Berkeley hospital where a kidney machine was available. Severe internal arterial bleeding required emergency surgery, and as some bleeding continues, blood donations are needed.

The family of Tom Patterson will appreciate anyone wishing to respond to their appeal. Blood may be donated to the Alameda County Blood Bank, 6230 Claremont Ave., Oakland, in Tom Patterson's name.

Note of Thanks

As I am moving away from this nice town, I would like to take this opportunity to express my appreciation to the Albany Police and Fire Departments for their efficiency and many kindnesses performed while I was operating the Gomer Rest Home.

Sincerely,
MRS. MILDRED GOMER

A discussion followed the reading of a letter from William A. Johnson, chairman of the Planning and Zoning Commission, in which he requested guidance from the Council for a suggested sign control ordinance for the City.

Councilman Lewis Howell noted that El Cerrito was expected to take action on a sign ordinance to have all non-conforming signs removed by January 1, 1975. He suggested, however, that Albany should "proceed with caution," as Albany is a small community which depends on the local businesses. "We should do everything we can to help our businesses," Howell said, "as they are the ones who help our tax base. We don't want to have the same problems as neighboring cities are having because of sign control ordinances which place great hardships on the local businesses."

City Administrator Turner noted that the Planning and Zoning Commission had been hesitant lately in granting sign per-

IGC Offers To Acquire Overlook Park On Hill

Interstate General Corporation has agreed to allocate \$600,000 for the acquisition of property at the top of Albany Hill, for the Overlook Park as proposed by the Park and Recreation Department's General Plan.

The developers had previously offered to donate two acres at the top of the Hill, which they already own, and now have offered to negotiate privately with the other owners of hilltop property in the proposed area to secure the property "not as a consideration or a condition of the zoning application, but in the general overall public interest."

The City must, however, agree to use the land for the sole purpose of being a permanent park and open space. In the event that the City shall, at any time within 99 years, fail to use the property for any purpose other than for park and recreational purposes, the property will automatically revert to the developer, or its then successors, who own the parcel from which the property was conveyed.

If Interstate General is unsuccessful in concluding purchase arrangements with the private landowners, they will pay over to the City all unexpended funds from the original \$600,000, so that the City may use these funds solely for condemning by eminent domain all of the lands that the City requires for the Overlook Park.

In making the offer, IGC president James Wilson noted that after making an independent survey, and having reviewed with their financiers the comparative desirability of the dedication of open space on their property, they had come to the conclusion

that the greatest advantage to the public would be to make a major effort to save and preserve the top of Albany Hill for public use.

"This land," Wilson noted, "will provide the City of Albany and its citizens with a unique, superb and useful view park for public enjoyment and open space."

At the suggestion of Councilman Howell, two school crossing guards will be kept on duty in the High School area, until daylight savings time starts again next year. "Our young school children who are attending classes at the High School are going home at 5 p.m. must be protected," he stated.

In other action, the Council recommended the acceptance of the low bid from J. A. Fitzmaurice for the Pomona Avenue redevelopment, in connection with Memorial Park and Albany High School facilities. The School District will include in its 1972-74 budget adequate funds to reimburse the City for the one-half of the project costs, not included in the current year's allocation, according to Turner.

'Fun' Parade

"Fun!" was the word most used by the children to describe the very first Cornell PTA Halloween Parade. The parade was led by the Albany Fire Dept. snorkel truck, followed by the Albany High Intermediate Band, "Head Clown" Bettie Nelson, and then Cornell youngsters, faculty, PTA clowns, and room mothers.

The first prize winners received a loving cup and were as follows: most original, Ale Arriaga, a lovely flower in a paper flower pot; funniest, Sterling DuBose, a very tiny, adorable clown; and scariest, Tommy Tamura, a creepy, green-faced Dracula.

Parade co-chairmen, Pat Carlson and Claire Inoue, wish to extend many thanks on behalf of the Cornell PTA to the Albany Police Dept., Albany Fire Dept., Albany Park and Recreation Dept., and Albany High Intermediate Band led by Mr. Douglas, for their assistance. Many thanks also to our fine judges: Mayor Joe Carlevaro, School Board Member Jack Rosano, Cornell Principal Betty Lott, and P.E. teacher Mike Bandera. Thanks also to American Savings and to Security Savings for their donations. BUT, the most thanks of all goes especially to the wonderful children and all their delightful costumes!!!

Albany Youth Star Athlete

Georgetown University senior quarterback, Jeff Gray, directed the University's football team to a smashing 32-6 opening game victory over Boston State College recently.

Jeff, son of Bernice and Robert Gray of Albany, and former Albany Little Leaguer and Big Leaguer, has started every game since his freshman year, passed for 125 yards by completing 8 out of 13 passes.

Coach Scotty Glacken said Gray, who was also a former star athlete at St. Mary's College High School in Berkeley, was the key to Georgetown's wishbone offense that produced 351 yards total offense against Boston State. Throughout the game, Gray frustrated his opposition with his ball-handling wizardry, and to the delight of the crowd he ran the wishbone attack flawlessly. Anticipating that Gray would keep the ball on the option play, Boston State was baffled by Gray's pitching the ball to his running backs at the last second for huge gains.

With Gray piloting the Georgetown attack, the Hoyas have won 18 out of 24 games. Today, Gray has tied or set 18 modern Georgetown records.

By most standards, the 5 foot 7 inch Gray is considered too small to play professional football. However, Jeff isn't letting that stop him and he has expressed an interest in furthering his career by contacting several Canadian Football League teams in regards to a try out.

May and Harold Olson are back home looking happy and rested after a very enjoyable trip, which took them first to Boston, Mass., and then included eight days in Madrid, Spain, and a visit to Palma on the Island of Majorca.

Fern Luoma's sister, Terry Krethmar of Richmond, finds that having a sister who is a professional photographer really has its fringe benefits.

Terry sometimes accompanies Fern on her assignments, and was present during the picture-taking for the March of Dimes Golf Tournament last year, and after some persuasion, had her picture taken with Daryle Lamonica and Big Ben Davidson.

This year, Terry didn't have to be persuaded—she had her coat off and was assuming a pose with George Blanda before Fern finished asking her. Wait till the girls at the beauty parlor see this one!

MAYOR JOE CARLEVARO is surrounded by some of the lovely young Albany teenagers who are participating in the "Teenagers' March" for Lukemia. Under the direction of national chairman, Danny Thomas, they hope to raise funds for St. Jude Research Hospital's fight against catastrophic diseases in children. More children suffering with leukemia are referred to that hospital than any other similar in the world. Research there is also being conducted in the areas of solid tumors, infectious diseases, blood disorders, endocrine problems and under-nutrition. Albany volunteers include: (l to r) Carlene Carlevaro, Bonnie Durand, Sue Landucci, and chairman, Janet Hogue.

Good Turn Day

Some 35,000 Boy Scouts will blanket the Bay Area on the succeeding Saturdays of November 11 and 18 in a massive collection of still usable discards.

Recipients of this giant Good Turn Day will be the area units of Goodwill Industries and The Salvation Army. Both agencies depend heavily on donated discards for the support of rehabilitation programs for the physically and emotionally impaired.

One Saturday, Nov. 11, the boys—regular Scouts, Cubs and Explorer Scouts from eight councils in 10 counties—will spread over the area, leaving special "Good Turn Day" bags at thousands of homes and apartments. With the bags go instructions to each householder to fill his bag with discards and to leave it outside his door early the following Saturday.

On that "Good Turn Day," November 18, the 35,000 Scouts will retrace their routes, picking up the bulging bags and carrying them to central collection points in the parking lots of Safeway, Purity, and Cal-Food markets and various shopping centers.

To transport the tons of material from the collection depots to The Salvation Army and Goodwill Industries centers will be 94 vans lent by the California Trucking Association, with volunteer drivers from the six Teamster Union locals.

The collected material will provide many hours of work therapy and employment for handicapped men and women, and refurbished items will stock the Thrift Stores of both agencies.

Honorary chairman of "Good Turn Day" is Art Linkletter, long known for his enthusiastic support of Scouting. Each participating Scout will receive an individual "appreciation card" signed by Linkletter.

(The views expressed in the following letters are those of the individual writers, and do not reflect, in any way, those of this newspaper.)

Editor, the Times:

By the time this letter is printed, the School Bond Election will have been held and the future of Albany's schools will be known. I am writing to thank the very dedicated group of people who served on the Albany School Bond Committee these past months. Thanks to their tireless efforts, the people of Albany became acquainted with the problems confronting our School District. Thanks is also due the many citizens and businessmen who donated funds to help defray the necessary advertising and printing costs, as well as those citizens who gave of their time and effort to assist the Bond Committee. Lastly, we would like to thank the Albany Times for its cooperation in printing a series of educational articles submitted by the Committee, so that the people of Albany could be better informed.

No chairman could have ever had a better and more hard-working committee and I again thank each and every member, as well as Co-Chairmen Dorothy Brown and Gene Tenret.

Sincerely,
JEROME BLANK
Chairman
Albany School Bond Committee

Editor, the Times:

At the October 24 Council meeting a citizen was speaking to the Council under good of the city when Councilman Richard O. Clark decided to leave. When the citizen reminded him he had the floor and asked Councilman Richard O. Clark to show the courtesy to listen, Councilman Richard O. Clark's comment was, "You can speak but I don't have to listen." He walked out of the Council chamber. This is inexcusable. It is incredible for an elected official to make such a comment. Does Councilman Richard O. Clark really believe he does not have to listen to the citizens of Albany? I realize it was late but as I said before it is inexcusable. Who does Councilman Richard O. Clark think he is? Do we the citizens of Albany have to take this kind of treatment from an elected official?

Who is Councilman Richard O. Clark? Whom does he represent? Does he represent the citizens of Albany?

Very truly yours,
MARY M. CULLEY

ALBANY POST 292 presents THE VETERAN'S CORNER by Chas. Lindh

Of the many youth activities sponsored by The American Legion the BOY'S STATE program is one of the finest. Participants are usually High School juniors recommended by the school faculty. They are also investigated by the Post's Boy's State committee before being accepted.

The California Boy's State is held annually at the State Fair grounds in Sacramento and lasts for one week. On arrival the boys are assigned to a political party and to a city and county. They nominate and elect their own state, city and county officers. The registration of voters and the officials are carried out according to the laws of the state.

Legislative, administrative and judicial programs are developed. Court trials and legislative sessions are arranged.

Citizens of a state are instructed in the duties of the various public officers and learn the functioning of each state, county and municipal office. They set up their state government, elect the governor and his staff of state officials, name the appointed officers and organize the State Supreme Court, legislature and other divisions of government. They draft bills and are taught the proper method of law enforcement. Special lectures are delivered by public officials and an open forum is conducted.

The boys have impressed upon them the important fact that government is just what they make of it. Every phase of this program involves practical learning on the part of the boys as they go about acquiring knowledge of their local and state governments.

Hoffman Blvd. Safety Project

A new safety median barrier recently installed along a two-mile stretch of Hoffman Blvd. in Albany and Richmond, has already prevented two bad accidents, and possibly saved some lives, according to a Division of Highways spokesman.

Ironically, the two mishaps were never reported, according to William Stoll, principal inspector for the project. "We only know about them because of the scars left on the concrete barrier." Apparently the vehicles involved hit the barrier, bounced back, and continued on their way "with probably no more damage than a couple of dents."

The so-called New Jersey barrier is wide at the bottom and narrows toward the top, to form a concave curve on either side, so the wheels of a vehicle striking the barrier can roll up the sides and then return to the roadway with relative safety.

Within 24 hours after the barrier had been poured in early October, it already showed the scraped scars of the first collision, and some posts, erected for the installation of a glare screen, had been knocked down as well—further evidence of a mishap.

"The two collisions occurred within 200 feet of each other," Stoll noted.

Within the next two weeks, the same 2-mile section of Hoffman Blvd., between Route 80 and South 47th Street in Richmond, will be repaved with a skid-resistant surface, to provide a much rougher surface than the current paving.

Chorus Plans Benefit Event

Every Monday night is guest night at the beautiful Albany High School Little Theater, where the Suburban-Aires of Sweet Adelines hold their regular rehearsals, from 7:15 to 10:15.

All area women who enjoy singing are invited to attend these meetings and discover the thrill of "ringing a chord" barbershop style. No auditions and no previous experience is necessary. The only requirement is the ability to carry a tune.

The group's fall project is to help young Mignon Moyer of San Pablo rebuild her life, after a serious bicycle-accident left her paralyzed.

The next project for the fund will be a rummage, white elephant and bake sale to be held in December. All organizations and interested members of the community who would care to help make this Mignon Benefit affair a success should contact Marian Caruso, 222-2480. Donations of all kinds will be welcome. Rummage will be picked up if necessary.

Albany Pioneer Returns Home

Mrs. Grace Green, one of Albany's early pioneers, has returned to Albany and is now residing on Solano Avenue.

Mrs. Green originally came to Albany in 1907, with her husband, Lisle, and their son, Robert. They built a home on Talbot and soon became active members of the community. Grace, the musical member of the family, often played the piano for the local dances held at the school, and was also a member of the early Ladies' Band.

Mr. Green, whose interest ran to politics, was a member of the Albany City Council, and served several terms as Mayor.

Mrs. Greens mother, Mrs. George Ryan, was also active in the community, and was an honored member of the School Board.

Following the death of her mother and husband, Mrs. Green moved to Walnut Creek in 1952, to be near her son who has since passed away.

Grace is happy to be back in Albany, where she and her family spent so many happy years, and among her many friends.

Flu Shot Time

The Christmas Seal Association of Alameda County warns chronic respiratory disease sufferers that now is the time to get their flu shots. Or, if you have had flu shots before, now is the time to get your yearly booster.

This announcement was made by Mitchell Tarkoff, chairman of the physicians' advisory committee of the TB and Health Association of Alameda County.

According to Dr. Tarkoff, those suffering from such respiratory diseases as emphysema, chronic bronchitis, asthma, bronchiectasis, fibrosis as well as those with heart disease, diabetes, Addison's disease or those over 65 should check with their physician about yearly immunization against influenza.

Christmas Seals for 1972 have been mailed to 41,443 Albany-Berkeley residents, according to Heath Angelo, president of the TB and Health Association of Alameda County.

The first American Christmas Seal was designed in 1907 and raised \$3,000 to keep a TB hospital from closing its doors. And again this year, as in the past, money raised from Christmas Seal contributions in the Albany-Berkeley area will go to help fight emphysema, TB and other lung diseases by providing breathing classes for children and adults, by Chestmobile testing, by the Association's Breathing Machine Loan Bank, by medical research and advanced training in respiratory diseases for doctors, nurses and technicians, by providing educational materials, and by direct service to free clinics.

In addition, the local Association is stepping up its struggle against air pollution, which is now recognized as a major factor in the rise of emphysema and chronic bronchitis.

"Also," Angelo promised, "your Christmas Seal Association will continue to discourage the use of cigarettes."

Angelo also urged all Albany residents to answer their Christmas Seal letters early.

Albany Sextet In Symphony

The City of Albany provided six talented young musicians to the East Bay's Young People's Symphony Orchestra as rehearsals began for the 1972-73 season.

Returning to the orchestra this year are Albany High students Geoff Chin, horn; Sue Gershenson, flute; and Rita Kingsley, cello. Also returning will be Mills College student Doretta Cunningham, flute; Ross Gershenson, horn, from Cal State Hayward; and trumpeter Fritz Loura, now attending the University of California.

Ernest Douglas, chairman of Albany High's music department, will once again serve as the orchestra's associate conductor, and has also assumed the post of orchestra manager.

Now in its 34th season, the Young People's Symphony is the oldest youth orchestra in Northern California. It is open to all qualified young musicians under 21 and attracts members from as far away as Concord, Newark, and Marin County. It is financed by private and civic donations and has no tuition fee.

Rehearsals are held each day and Wednesday evening at LeConte Elementary School, Berkeley.

This year Young People's Symphony Orchestra will be under the direction of Yair Stulman, a young Israeli-born conductor, takes over from retiring Dr. Thomas Haynes. Mr. Stulman is a resident of Berkeley and studied conducting with Senturia at the University of California, and with Tibor Kallós and Wolfgang Vacano at the University.

WE OFFER THREE TYPES OF GROUND BEEF...
To meet differences in taste, preference and use, Safeway now offers 3 types.
TYPE FAT CONTENT OBJECTIVE APPROXIMATE RANGE
Regular Ground Beef . . . 25% to 27%
Lean Ground Beef . . . 19% to 21%
Super Lean Ground Beef 13% to 15%
For example, a one-pound package of regular ground beef would contain approximately 11.7 to 12 ounces of lean meat while a one-pound package of super lean ground beef would contain approximately 13.6 to 14 ounces of lean meat. Subject to preferences of taste, buy only as lean as you really need.
The former use of the names "Ground Sirloin," "Ground Round," and "Ground Chuck" was never intended to mean that the particular cut referred to was the only source of the ground beef sold under that name.
All of our ground beef is prepared with close attention and guaranteed to assure excellent quality. However, even with the most modern equipment and technology now available, it is not yet possible to guarantee that each package will fall within the fat content objective.
ALL OF OUR GROUND BEEF CARRIES THE FAMOUS SAFEWAY GUARANTEE.
It MUST please you or we will promptly refund your money.
